Testimonials

“I love your products! I use them regularly in my classroom presentations. Kids beg to hear and see more! This is such an effective and engaging medium to promote positive attitudes and social and emotional learning.”

Sherry Frachey, Teacher - Iles Elementary, Springfield, IL

“A fine vehicle to promote in-class student discussions about cliques and the nature of true friendship.”

Teresa Wittmann, Teacher - Westgate Elementary, Edmonds, WA

“I caught some of my students walking down the hall humming the tune to one of Trevor’s songs. When I am looking for resources that I know will hit home with the kids, I always reach for Trevor Romain’s CD or DVDs.”

Jen McClure, School Counselor - Prairie Point Elementary, Kansas City, MO

“Your video was featured as Video of the Week for School Library Journal so we purchased Bullies Are A Pain In The Brain. Since that time over 400 kids have viewed the video. On a scale of 1-5, your DVD always receives a 4 or 5 on the information content. Here’s an evaluation: Wow - the 6th graders really loved it.”
